District Goal Areas

- Continue to focus efforts of school improvement on accelerating growth for all students and on closing the gaps for students with IEPs and FRL.
- Expand and improve the integration of technology throughout the system.
- Intervene in timely and effective ways to help meet the needs of all students.
- Support innovative teaching practices and instructional methods to more precisely engage and address the learning needs of all students.
- Promote the well-being of students.

16-17 SIAC Goals/Strategies

Continue to focus efforts of school improvement on accelerating growth for all students and on closing the gaps for students with IEPs and FRL.

- Increase student engagement in science, mathematics, engineering and technology (STEM) by expanding opportunities for K–12 students to explore the relevance of these areas to their future pathways.
- Improve core instruction in literacy and math throughout the system.
- Increase support for parents and guardians so that they feel welcomed, respected and valued by the school community as partners in their children's education.
- Continue increasing the four- year graduation rate.

Expand and improve the integration of technology throughout the system.

- Invest in the technology, design and infrastructure required for the classrooms of the future.
- Provide personalized professional development and support to staff in the integration of technology into the curriculum.
- Ensure that infrastructure and personnel support is in place that will enable effective implementation.

Intervene in timely and effective ways to help meet the needs of all students.

- Provide early screening and progress monitoring for struggling students in reading through the implementation of a Multi--Tiered System of Supports.
- Seek to increase time available outside of core instruction for intervention and enrichment opportunities.
- Investigate increased learning opportunities throughout the system (on-line, added courses, etc.)

16-17 SIAC Goals/Strategies

Support innovative teaching practices and instructional methods to more precisely engage and address the learning needs of all students.

- Provide increased teacher leadership opportunities through instructional coaching, model learner classrooms and mentoring for teachers new to the profession.
- Seek ways to personalize professional development for teachers.
- Seek ways to ensure time for teacher collaboration.

Promote the well-being of students.

- Partner with community resources to address behavioral and mental health issues which interfere with learning.
- Ensure that school buildings and classrooms provide safe and positive learning environments for all students.
- Equip all staff with skills to effectively support the well-being of all students.
- Recognize and encourage a wide range of opportunities for parent, guardian and caregiver engagement and involvement in their children's learning.
- Support all students and staff in finding ways to be leaders and contributors to the school and broader community.

Alignment

How tightly do our goal areas align with our core values?

How tightly do our strategies align with our core values?

Are there strategies that should be removed because they either do not align or are no longer applicable?

Are there other issues/concerns that should be considered for goal areas or strategies?
