## CLAY CENTRAL EVERLY

Where learning is a journey, not a destination.

**Stakeholder buy-in recommendations:**

- Mark will send out an update to the staff and community to solicit feedback. Need to consider an avenue to get feedback like a blog, survey or emails.
- Principals-Routine updates to your teachers and support staff is necessary. Feedback should be gathered from your building and shared with the SIAC Committee.
- School Board-Gets routine updates from representatives. The boards prioritization and understanding of goals is critical to the success of the model. District resources need to be focused on goal areas.
- District Newsletter should convey visioning work so that all community members and district stakeholders are updated. This should also include routine updates on social media outlets and the district website.
