Account Provisions

Who is eligible?

- 1) Anyone covered under a qualified High Deductible Health Plan (HDHP) on the first day of the month, but not covered under any other medical plan.
- 2) Anyone not enrolled in Medicare. **Note:** an actively at-work employee who is older than 65 may not enroll in an HSA unless he/she has waived Medicare.

For individuals who delay enrolling in Medicare, Part A coverage may retroactively begin six months prior to their application date. To avoid making excess HSA contributions (and incurring a tax penalty), CMS recommends that individuals stop contributing to their HSAs at least six months before applying for Medicare.

- 3) When enrolled in an HSA, member and spouse (if applicable) may only participate in a "limited-purpose" flexible spending account.
- 4) Anyone not claimed as a dependent on another person's tax return.

Is there a limit on the amount that can be contributed per year?

\$3,850 for an individual plan, \$7,750 for a family plan for 2023. These numbers are indexed annually by the Treasury Department. In addition, individuals age 55 are allowed a \$1,000 catch-up contribution.

What are the advantages of enrolling in a HSA?

- 1) Monies go in tax-free.
- 2) Monies grow tax-free.
- 3) Monies come out tax-free if spent on qualified medical expenses.
- 4) Unspent monies roll over year to year, grow, and earn interest.
- 5) The account owner decides whether to use the HSA dollars for current expenses or to save them for future expenses.
- 6) The account is portable.

What expenses are eligible for reimbursement?

Internal Revenue Code Section 213(d) medical expenses for the employee and qualified dependents (even if the dependents are not on the employee's HDHP); COBRA premiums; qualified long-term care expenses; retiree medical premiums to employer-sponsored medical coverage (if age 65 or older); Medicare Parts B & D premiums, but not Medicare supplement premiums.

What if funds are used for non-qualified expenses?

Distributions for an account owner under age 65 are subject to income tax plus a 20% penalty. Distributions for an account owner 65 and older are subject to income tax only.

A Better Way to Pay for Health Care - Today and Tomorrow

As health care costs continue to soar, finding ways to offer affordable health benefits to your employees is a persistent challenge. Now you can leave employees with more spending money per paycheck while they save money on out-of-pocket health care expenses with a Health Savings Account (HSA) solution from isolved Benefit Services.

An HSA is a tax-advantaged savings account that is used in combination with a High Deductible Health Plan (HDHP) and gives your employees a simple way to manage health care costs. They can use the HSA funds to cover qualified medical expenses.

How HSAs Work:

With the isolved Benefit Services HSA, any earnings on your contributions are tax-advantaged. The HSA account is funded by pre-tax contributions by the employee. This gives employees a great tax benefit while you, their employer, pay less in FICA and FUTA payroll taxes. When an employee incurs a qualified medical expense, they can pay using the debit card, online bill pay or other methods.

If the employee doesn't have enough money in their HSA to cover a medical expense, they can make a partial payment and pay the difference using another method. There is no "use it or lose it" condition. Any unused funds remain in the account and continue to accrue interest until used.

More information on HSA plans can be found on the U.S. Department of Treasury website at www.treas.gov. (Hint: search on HSA)

isolved Benefit Services HSA helps you:

- ✓ Add depth and flexibility to your employee health benefits and retirement plans
- ✓ Reduce FICA and FUTA payroll taxes

isolved Benefit Services HSA helps your employees:

- ✓ Offset rising health care costs with tax-free funds

- ✓ Easily monitor health spending with convenient debit cards and secure online account access

FitOn + Peerfit is available to Gravie health plan members 18 years of age and over.

When it comes to big purchases, today's consumers expect flexible payment options.

Why should healthcare expenses be any different?

Introducing Gravie Pay

If you have a medical expense, Gravie Pay allows you to split the bill into predictable monthly payments. **No interest, no fees, and no hassle.** Gravie Pay is powered by Paytient, a company that specializes in helping employees pay for care. Paytient is the lender behind Gravie Pay.

How does it work?

Gravie Pay is a virtual card. When paying a bill, either online or over the phone, simply provide your Gravie Pay card information the same way you would any debit or credit card. The provider or pharmacy is paid in full, and you set up repayment through easy payroll deductions, bank account withdrawals, or credit card payments.

Gravie Pay can be used to cover any out-of-pocket medical expense for yourself or dependents enrolled in your Gravie health plan. Merchant codes are used to verify that expenses are healthcare related.

How do I sign up?

Once you're enrolled in a Gravie health plan, activate Gravie Pay by completing a short enrollment process at member.gravie.com. You'll get immediate access to your virtual card, and can start using it as soon as your coverage begins. Easily view transactions and manage your payments at any time from your Gravie account.

What financial considerations should I be aware of?

Your spending limit is equal to the individual out-of-pocket maximum (OOPM) of your Gravie health plan. There are no fees and no interest. Your credit is never checked, impacted, or reported. Your financial health is important to us. When enrolling in Gravie Pay, you may be subject to a couple questions that will assess your ability to repay.

What happens if I miss or can't make a payment?

If you need more time to pay, you can increase the repayment duration to up to 12 months. You can also change your payment method at any time. Gravie Pay is meant to provide you with flexibility.

Magellan's Value Max Specialty Program

The Value Max Specialty program is designed for members who have been prescribed high-cost specialty medications.

Gravie partners with Magellan to help relieve the financial pressure often associated with specialty drugs by locating the highest copay assistance available for eligible medications. Magellan has identified the most common high-cost drugs, and connects members with copay assistance programs to help them access lower monthly copays.

To access the Value Max Specialty program, members must fill their eligible prescriptions through Magellan Rx Pharmacy's mail-order service.

How does Value Max work?

Comprehensive drug list

Magellan's comprehensive drug list includes the top 50 specialty medications that typically account for 95% of specialty claims costs.

Copay assistance program

The member receives a discounted copay, typically \$0 to \$5. Actual member copay amounts will vary based on the specific drug and manufacturer discount program.

Member assistance dollars

The program helps to identify member assistance dollars paid by the drug manufacturer and subtracts that cost from the member's deductible and/or out-of-pocket maximum.

Home delivery

With Magellan Rx Pharmacy's home delivery service, it's easy for members to quickly receive their specialty medications while also getting access to additional support to help them stay on track.

What is the Value Max Specialty Program process?

Frequently asked questions

What is a specialty medication?

Specialty medications are used to treat patients with complex and/or rare diseases. They have specific dosage, storage, handling and administration requirements, and they require an elevated level of patient care and monitoring services.

How does a member enroll in the program?

Members prescribed a medication on the Value Max prescription drug list will be automatically enrolled into the Value Max program. Magellan Specialty Pharmacy will reach out directly to the member to help enroll them in various manufacturer savings programs. Certain programs may require the member to self-enroll; in those cases, Magellan will assist the member by reaching out to the member to explain specific requirements.

What if a member wishes to opt out of the program?

A member may opt out from the Value Max program at any time by reaching out to Gravie Care™. Employers and brokers may also request to opt out of the Value Max program on behalf of members by contacting their Gravie Account Manager.

What happens when a member hits the manufacturer discount program maximum?

In the rare instance where a member meets the manufacturer discount program maximum, Value Max will be deactivated and the claim will be applied towards the patient's benefit. For example, a member on a Gravie Comfort™ plan would expect a \$0 copay for the specialty prescription, assuming they have already satisfied their out-of-pocket maximum. If the member's out-of-pocket maximum has not been satisfied, the member's responsibility would be a 100% copay until the limit is met.

Save time and money with a 90-day supply of your medications by mail

Gravie partners with Magellan Rx Management to provide pharmacy benefits through your health plan. If you take maintenance medications for long-term conditions like arthritis, asthma, diabetes, high blood pressure or high cholesterol, you could save with home delivery through Magellan Rx Pharmacy.

How to get started

Getting started with home delivery is easy! First, ask your doctor to write two prescriptions:

- ① 30-day supply to fill at your local pharmacy
- ② 90-day supply plus refills to fill by mail

Next, you may either ask your doctor to e-prescribe to Magellan Rx Pharmacy, LLC (Mail-ORL) or fax your prescription to [888-282-1349](tel:888-282-1349).

- Faxed prescriptions may only be sent by a doctor's office and must include patient information and diagnosis.
- For prompt delivery, please provide your payment information by mailing in your completed home delivery order form or by calling **800-424-8274**.

Mail your 90-day prescription and completed order form with payment to Magellan Rx Pharmacy, P.O. Box 620968, Orlando, FL 32862.

Home delivery order forms are available at www.magellanrx.com/member/forms

Save Money

Depending on your plan design, you may be able to get a 90-day supply of your medication for less money than three separate fills. And standard shipping is free!

Save Time

Easily refill your medication one time every three months either online or by phone. That means no more drive time or waiting at the pharmacy!

Peace of Mind

Your medication is mailed to you, quickly and securely. Registered pharmacists check all orders and are available to help 24 hours a day, 7 days a week.

When should I use a retail pharmacy?

You should use your local retail pharmacy for the first 30-day prescription of a maintenance medication you get from your doctor as well as prescriptions received for an acute condition, like an infection.

When will I receive my medication?

Your order should arrive 7-10 days after Magellan receives your prescription. They may need to contact your doctor for more info. To avoid delays, be sure to fill out all forms completely and include payment if you know the amount due. Orders with multiple prescriptions may be shipped separately.

Can I set up my prescription to refill automatically?

Yes. You can set up an auto refill to receive eligible home delivery refills automatically. To enroll, call [800-424-8274](tel:800-424-8274).

How much are the shipping charges?

Standard shipping is always free. You can choose expedited shipping for an additional charge if you want to receive your medication sooner. Please note that expedited shipping only reduces the transit time and does not impact prescription processing time.

What happens if I don't receive my order?

Making sure you have the medication you need is Magellan's top priority. If you don't receive your order within 10 days, please call [800-424-8274](tel:800-424-8274).

Do prescriptions expire?

Most prescriptions, including refills, expire within six months to one year from the day they are written. If this happens you'll need a new prescription from your doctor, even if you have refills remaining.

How are controlled substances handled?

A controlled substance, such as a narcotic, has strict guidelines and may be handled differently than a non-controlled medication. We adhere to federal and state laws in the dispensing of all medications and will contact you if additional information is needed to process a controlled substance prescription.

For questions about your pharmacy benefits plan, call the Member Services number on your member ID card.

For home delivery questions, call [800-424-8274](tel:800-424-8274). Representatives can answer questions, check the status of an order, or place a refill order. Pharmacists are also available to help 24 hours a day, 7 days a week.

FLEXIBLE SPENDING ACCOUNTS (FSA) iSolved

Plan Overview

Pre-Tax Premium Benefits

This plan allows you to fund several of your premium contributions with pre-tax dollars and to fund either a Health Care Reimbursement Account and/or Dependent Care Reimbursement Account. Your contributions are deducted from your gross wages before FICA, Federal and State taxes are deducted. You save money because you are taxed at a reduced income level. Your taxes are calculated after your premiums and reimbursement account monies are deducted from your gross wages.

Health Care Reimbursement Accounts

This plan allows you to defer pre-tax dollars into a Health Care Reimbursement Account to pay for certain IRS-approved medical care expenses not covered by your insurance plan with pre-tax dollars. Some examples include:

- Deductible, coinsurance and copayments
- Over the counter medications
- Dental services and orthodontia
- Vision services, including contact lenses, contact lens solution, eye exams and eyeglasses
- Hearing services, including hearing aids and batteries

Health Care Maximum: \$3,050

Limited Purpose Account

If you are enrolled, or planning to enroll in a Health Savings Account (HSA) and wish to enroll in a Flexible Spending Account (FSA), you must enroll in a Limited Purpose FSA to be used for Vision and Dental expenses only.

Limited Purpose Maximum: \$3,050

Dependent Care Reimbursement Accounts

This plan allows you to defer pre-tax dollars into a Dependent Care Reimbursement Account. You may request reimbursement as you incur expenses to provide day care for qualified dependents: children under age 13, or an older disabled dependent child, or a disabled adult.

Dependent Care Maximums: \$5,000 if married filing jointly or head of household;
\$2,500 if married filing single.

Plan Provisions

Please Note: Your election in the Lewis Central CSD Section 125 Flexible Benefit Plan is irrevocable for the entire plan year (July 1st through June 30th) without a qualifying change in status (i.e. birth, adoption, divorce, job status change, etc.). Please be advised that any unused FSA monies over your allowed rollover amount will be forfeited back to the Plan at the end of the plan year.

Rollover Feature

Participants in a Health Care Reimbursement Account are allowed to rollover up to \$610 per year. The maximum election will continue to be \$3,050; rollover funds will be added to the maximum. If you are going to enroll in the high deductible health plan for the first time and you have funds to rollover, you must designate and use the rollover amount for limited purpose only (dental and vision) to be eligible to open a health savings account.

- These funds will rollover into the new plan year once the current plan year's runout period has ended.

Claim Submission

Claims may be filed by mailing, faxing, or online. Please be aware that your plan has a run out period, after the end of the plan, where you may still file claims. Remember that the expense, however, must have been incurred during the plan year.

FSA Debit Card

All enrollees receive an FSA debit card to pay for eligible expenses at the time of claim. You automatically receive 1 card and may request 1 additional card for a dependent. Any additional cards or replacement cards are subject to a fee. Your FSA debit card comes fully loaded with your annual election amount on the effective date. Your debit card will be reloaded each year IF you re-enroll in the FSA. Funds expire annually but your debit card is valid until the expiration date on the card.

Claim Processing

Claims are processed on a daily basis. Reimbursements may be automatically deposited into your checking account.

Flexible Spending Accounts.

Real Savings. Real Simple.

Using a Flexible Spending Account (FSA) is a great way to stretch your benefit dollars. You use pre-tax dollars in your FSA to reimburse yourself for eligible out-of-pocket medical and dependent care expenses. That means you can enjoy tax savings with the convenience of a prepaid benefits card. And that makes real sense.

What is an FSA?

With an FSA, you elect to have your annual contribution (up to the annual limit set by the IRS) deducted from your paycheck each pay period in equal installments throughout the year. The amount of your pay that goes into an FSA will not count as taxable income, so you will have immediate tax savings. FSA dollars can be used during the plan year to pay for qualified expenses and services. Please check with your employer to see what plans are offered.

A Health FSA allows reimbursement of qualifying out-of-pocket medical expenses.

A Dependent Care FSA allows reimbursement of dependent care expenses, such as day care, incurred by eligible dependents.

A Limited Purpose Health FSA is compatible with a Health Savings Account (HSA). A limited FSA only allows reimbursement for preventive care, vision and dental expenses, keeping the employee eligible to contribute to an HSA.

With all FSA account types, you'll receive access to a secure, easy-to-use web portal where you can track your account balance, view your investment accounts and submit requests for reimbursements.

In addition, your plan might offer a convenient prepaid benefits card to make it easy to pay for eligible services and products. When you use the card, payments are automatically withdrawn from your account, so there are no out-of-pocket costs and you likely won't have to submit receipts to verify the purchase. Just swipe the card and go. **It's that easy!**

Throughout the year, you'll likely incur expenses for yourself and your family that insurance won't cover. By taking advantage of a health care FSA, you can actually reduce your taxable income and reduce your out-of-pocket expenses when you use your FSA to pay for health care services and products you'd purchase anyway.

Is an FSA right for me?

An FSA is a great way to pay for expenses with pre-tax dollars. A Health Care FSA could save you money if you or your dependents:

- Have out-of-pocket expenses like **co-pays, coinsurance, or deductibles** for health, prescription, dental or vision plans
- Have a **health condition that requires the purchase of prescription medications** on an ongoing basis
- Wear **glasses or contact lenses** or are planning LASIK surgery
- Need **orthodontia care, such as braces**, or have dental expenses not covered by your insurance

A Dependent Care FSA provides pre-tax reimbursement of out-of-pocket expenses related to dependent care. This benefit may make sense if you (and your spouse, if married) are working or in school, and:

- Your **dependent children under age 13 attend day care, after-school care or summer day camp**
- You **provide care for a person of any age who you claim as a dependent on your federal income tax return** and who is mentally or physically incapable of caring for himself or herself

An FSA is a great way to pay for expenses with pre-tax dollars.

- Enjoy significant tax savings with pre-tax contributions and tax-free distributions used for qualified plan expenses
- Quickly and easily access funds using the prepaid benefits card at point of sale, or request to have funds directly deposited to your bank account via online or mobile app
- Reduce filing hassles and paperwork by using your prepaid benefits card
- Enjoy secure access to accounts using a convenient Consumer Portal available 24/7/365
- Manage your FSA "on the go" with an easy-to-use mobile app
- File claims easily online (when required) and let the system determine approval based on eligibility and availability of funds
- Stay up to date on balances and action required with automated email alert and convenient portal and mobile home page messages
- Get one-click answers to benefits questions

With the convenience of a mobile device, you can see your available balance anywhere, anytime, as well as file claims and upload receipts.

Plan Ahead

Before you enroll, you must first decide how much you want to contribute to your account(s). You will want to spend some time estimating your anticipated eligible medical and dependent care expenses for the calendar year.

As of **October 31, 2013**, the U.S. Treasury Department modified its Health Flexible Spending Account (FSA) Use-or-Lose rule to allow up to a \$570 carryover of Health FSA funds. The carryover option is based solely on your employer's plan design. Not every company allows a carryover. Some employer plans may establish a lower maximum limit than \$570, but it must be uniformly applied to all eligible participants. The carryover is applicable only to Health FSAs (not to Dependent Care FSAs). Any unused amount above the carryover limit is subject to forfeiture and cannot be cashed out or transferred to other taxable or nontaxable benefits (e.g., HSAs).

Dependent Care FSA

FAQ's

A Dependent Care FSA provides pre-tax reimbursement of out-of-pocket expenses related to dependent care. It's a great option for employees who have dependent children under the age of 13 who attend day care, after-school care or summer day camp, and/or provide care for a person of any age who is claimed as a dependent on the federal income tax return and who is mentally or physically incapable of caring for himself or herself.

Who is a qualified dependent under the Dependent Care FSA?

- Dependent under the age of 13
- Dependent or spouse of employee who is mentally or physically disabled and whom the employee claims as a dependent on their federal income tax return

Can an adult be a qualified dependent?

Yes, an adult may qualify as a dependent provided that the employee is providing more than half of that individual's support for the year and the dependent lives with the employee.

Do I have to use a day care facility?

No. You can be reimbursed for expenses of an individual providing care for your dependent in your home as long as the expenses are incurred for you and your spouse (if married), to work, look for work or attend school full time.

Does my day care provider have to be licensed?

No. However, you are required to submit their Tax Identification Number or Social Security Number when filing your federal income tax return.

My child attends camp during the summer. Is this eligible?

Generally, no. However, if the camp is a day camp and your dependent attends to allow you and your spouse (if married) to work, look for work or attend school full time, then yes, this would be an eligible expense. Overnight camps are specifically excluded.

Does my day care provider have to be 18?

No, but the individual must claim the money as income on their tax return.

When can I be reimbursed for dependent day care expenses?

Expenses are eligible for reimbursement when they have been incurred, not when you are billed or when you pay for the services.

Example: Your day care provider requires you to pay for the month of September on September 1. You can be reimbursed as the services are incurred, not when you paid for the services. You can submit claims after each week, every week or on October 1.

What support documentation must I file with each Dependent Care claim?

Complete the Dependent Care section of the Request for Reimbursement Form and have your day care provider sign and date. The receipt must include the following information:

- Name and address of provider
- From/through dates of service
- Amount of charge

Can I submit claims for dependent care expenses that are greater than the current balance of my Dependent Care FSA?

Yes. However, you will only receive reimbursement for the amount that you have contributed to your Dependent Care FSA. For example, if you contribute \$150 each month to your Dependent Care FSA, then you will only receive \$150 in reimbursement each month. The excess amount of expenses will be pended and automatically paid to you as contributions are posted to your account.

What happens if a claim exceeds the amount currently available in my Dependent Care FSA?

The claim will be processed and approved. The amount that is currently available will be disbursed and the remaining portion will be pended until you make another contribution.

LONG TERM DISABILITY INSURANCE

Madison National

Lewis Central CSD provides full-time employees with long term disability income benefits and pays the full cost of this coverage. In the event you become disabled, disability income benefits are provided as a source of income.

Plan Overview	
Benefit Amount	60% of monthly salary
Own Occupation Period	2 years
Elimination Period	Accumulated sick leave plus 15 days
Maximum Benefit Period	Social Security Normal Retirement Age (65)
Maximum Benefit Amount	\$6,250
Survivor Benefit	3 months
Zero Day Residual	Zero day residual stipulates that full-time or part-time work in which the employee is performing all of the material duties of his or her regular, or some other occupation, will not interrupt the qualifying (elimination) period, or the period of disability
Pre-Existing Condition Waiting Period	None

Long Term Disability Example for Maximizing Monthly Disability Benefit

Long term disability payments are taxable to the insured to the extent they are paid by the employer. Since the employer pays 100% of the premium for LTD, 100% of the monthly benefit at time of disability is taxable. The following is an option, approved by the IRS, which dramatically increases the benefit at time of disability if you choose to have the employer paid premiums included as taxable income in your W-2.

Example of 100% taxable Benefit - 60%

Employee earning \$40,000 per year becomes disabled. The employer pays 100% of the cost of the long term disability insurance. Assume for this example that Social Security has not yet been approved. Employee actually receives only 42% of their pre-disability earnings, even though the benefit is considered to be 60% of salary.

Salary	\$3,333.33
Benefit %	0.60
Gross Mo. Benefit	\$2,000.00
Less 30% taxes	0.70
Net Mo. Benefit	\$1,400.00
Salary replacement %	0.42

Example of non-taxable benefit - 60%

Employee earning \$40,000 per year becomes disabled. The employer pays 100% of the cost of the long term disability insurance. The employee has chosen to have the amount of the employer paid premiums included as taxable income on his W-2 and he will pay taxes on the annual premium amount. Assume for this example that Social Security has not yet been approved. Employee actually receives 60% of their pre-disability earnings, which is more per year than in the taxable 60% benefit plan.

Salary	\$3,333.33
Benefit %	0.60
Gross Mo. Benefit	\$2,000.00
Less Taxes	0.00
Net Mo. Benefit	\$2,000.00
Salary replacement %	0.60
Annual difference in amount of benefit paid:	\$7,200.00

Your savings

Annual premiums at your current cost:
Employee would pay taxes on the annual premium.
Using this technique, the disabled employee would realize additional annual income of:

\$3,333/Mo. @ .189/\$100 X 12	\$75.60
30% tax = annual cost to employee	\$22.68
Net annual increase in payments to employee	\$7,177.32

This equates to over three additional months of income per year. If you earn more than \$6,000 per month, there is even greater benefit for you to take advantage of this optional technique to **safeguard your financial security. The negative impact of having a taxable disability benefit becomes even greater as the level of income increases.**

- Rent or mortgages
- A college education for your children or grandchildren
- Household debt
- Retirement and more

- Guarantee Issue defined benefit amount up to \$50,000
- Lifelong Protection – Provides coverage that will last your lifetime.
- Builds Cash Value – Can access for life's challenges
- Family Coverage – Apply for your spouse even if you choose not to participate. Dependent children and grandchildren may be covered under a Universal Life policy.
- Terminal Illness Benefit – Accelerates up to 75% of your death benefit if your doctor determines your life expectancy is 24 months or less.
- Long Term Care Benefit – Accelerates 4% each month up to 25 months without decreasing death benefit amount
- Portability – Take your coverage with you and pay the same premium if you change jobs or retire.
- Guaranteed Renewable – Guaranteed coverage, as long as your premiums are paid. Your premium may change if the premium for all policies in your class changes.
